

DAS MINSK

KUNSTHAUS IN POTSDAM

Message from the Incoming Director (28.04.2025)

"DAS MINSK is a remarkable place where art, architecture, history, and the contemporary meet. I am committed to establishing MINSK as a vibrant part of city life through a diverse and interdisciplinary program. At the same time, I am dedicated to amplifying underrepresented voices in art, and to building a space where new perspectives can flourish. I am excited to work with the team to shape the next chapter of this special place—strengthening its role as a living space for exchange and encounter."
